

Usually, buyers are looking for all of the items on their wish list, not a list of repairs. Walking into your home and seeing a range of to-do projects will turn them away faster than you can say "water damage". Sometimes it's not the big things but a lot of little things that turn buyers away.

Present buyers with a complete package that is move-in ready. Help them see it as a home they can be comfortable and happy in. If they see problems and jobs to do, your house will go to the bottom of their list of homes, or their offer price may be much less than your expectation. Put it at the top of their list and have your home sell quickly and for top dollar!
